

WHOLESALE SWINDLING

In Real Estate in Various Cities.

A SUSPECTED FORGER SUICIDES.

Sensational Developments Rapidly Accumulating in San Diego.

SAN DIEGO, March 9.—The sensation following the exposure of a forged deed purporting to have been signed by B. McWherry are accumulating rapidly. Last evening a warrant was issued charging J. Walmer with forgery. He was taken before Justice Bryan and admitted to bail in \$2000, M. Hall, Frank Gordon and Frank Schmidt becoming his bondsmen, whereupon he was released.

This morning Walmer was at his office in the lawyer's block, as usual, but declined to discuss the forgery matter, except to repeat a positive denial that he was guilty of forgery.

About 11 o'clock he disappeared from his office, and a few minutes past one this afternoon there came a report fully verified, that he had committed suicide. Inquiry showed that after leaving the court he had gone to the residence at 722 Second street. On arriving he told his wife he was ill, and going to his room laid down upon his bed, but without removing his life.

A few minutes later Mrs. Walmer saw this illness was serious and called Dr. Insecomb, who lives but a few doors away. Walmer soon went into spasms and died at about 1 o'clock, various physicians who had been in consultation being unable to save him. They agreed that death was due to strychnine poisoning, accompanied by heavy draughts of chloroform. Walmer leaves a widow and a son 12 years old. They formerly lived at Cincinnati, where they have relatives.

After Walmer's death Frank Ehrlich was arrested on the charge of complicity in the attempted fraud. He was held in \$2000 bonds furnished by A. C. Hansen and Charles Stanley. Other warrants are evident and it is expected to prove that a wide-reaching conspiracy exists for swindling in real estate in various cities of the state, the headquarters of the gang being in San Francisco.

Trouble at Cripple Creek.

CRIPPLE CREEK, Colo., March 9.—Serious trouble is threatened in the new mining camp of Alliance over disputed claims. On January 20th the Alliance Town and Land company went into a new mining center and located in the neighborhood of forty claims, doing but little work on them and not placing much record. The recent excitement in the camp brought a deluge of miners and prospectors to the district, and they have been working the locations claimed by the Alliance camp. The company has made a strong protest against the operation of the other party, claiming property, but the miners will not cease work. A number of cowboys and prospectors have organized and secured arms and ammunition with the intention of defending their claims.

Taken Under Adversement.

PORTLAND, Ore., March 9.—The hearing of the petition of the Oregon Railway and Navigation Company to have the order appointing Mr. Edw. McNeill receiver so modified as to release him from paying about \$300,000, representing funds spent by the Union Pacific reeve before the system first separated, was continued in the United States circuit court this afternoon. Judge Bellingier took the case under advisement, stating that he would probably render a decision the last of next week. The application of the American Loan and Trust Company for the appointment of a receiver independent of the Union Pacific and for the Oregon Short line and Utah Northern will come up before Judge Gilbert in the United States circuit court Monday.

The Insane May Bathe.

STOCKTON, March 9.—The natural gas well baths at the state insane asylum at this city have been thrown open to the benefit of the patients, and about 175 of the milder inmates disport themselves daily in the water, which is of a temperature of about 60 degrees. The tank is forty-six feet long and twenty-six feet wide. The greatest depth of water is five feet, which makes any drowning accident improbable. The crazy people are delighted with the new bath. Each patient is allowed two baths a week.

Attorney Dorn Bobs Up.

SAN FRANCISCO, March 9.—D. S. Dorn, the attorney who strongly dropped out of San Francisco just before the trial of "Dick" McDonald, the alleged bank wrecker, and who was so badly wanted by the state to expose a street transaction with two suspicious checks which represented \$100,000 of the alleged assets of the defendant bank, reappeared in San Francisco this morning. He was soon lost in view, and at his office it was stated that he would not return until Monday.

Killed by Electricity.

PORTLAND, Ore., March 9.—Edgar Meyer, aged 16, a son of Julius Meyer, the well-known wholesale liquor merchant, was instantly killed this afternoon by coming in contact with a live electric wire at the place where the street car of the Portland General Electric Company. The boy was an apprentice at the station, and while experimenting at the switchboard he accidentally connected a circuit, which sent 1000 volts through his body, killing him instantly.

General Rosecrans Ill.

LOS ANGELES, March 9.—General Rosecrans has been ailing for some time, and there has been no change in his condition for several days. Carl Rosecrans, his son, said today that there is no cause to apprehend anything serious. The general lives on a ranch near Rosendo.

The Olympics Victorious.

PALO ALTO, March 9.—The first match baseball game between the Stanford team and the Olympic team of San Francisco occurred on the college grounds this afternoon. Score, 6 to 4 in favor of the Olympics.

New Court House for Santa Cruz.

SANTA CRUZ, March 9.—The board of supervisors today decided to rebuild, on the same site, the court house which was burned last year, the cost to exceed \$40,000.

NO MORE PATENTS

Will Be Granted Until the Railroads Settle Their Debts.

WASHINGTON, March 9.—Secretary Smith has determined that no more patents for land granted the subsidized railroads shall be issued until there has been a settlement of the debt due the government from these roads. An attempt was made to get a resolution to this effect through congress but it failed. As soon as the resolution was presented Commissioner Lamoreaux, of the general land office, immediately suspended work upon the preparation of lists of lands within the grants, and none were sent to the secretary for approval until the resolution was pending. Afterwards, when congress adjourned, the commissioner fell compelled to go ahead with the patenting of lands to the Union and Central Pacific roads, but with the announcement of the secretary that he would not approve any further patents to these roads, work was again suspended. Secretary Smith will, in a short time make an order to the effect that no more patents shall be granted. He says that he thinks it just that no more patents should be granted when the roads owe the government such large sums. It has been stated that an effort to make the secretary to continue issuing patents, will be brought by the railroads. When this was suggested to Secretary Smith today he said that it would be time enough to begin work on the patents when the courts granted such mandamus. The lands affected are within the grants to the Union and Central Pacific between Omaha and Sacramento. It is also thought the lands within the grant to the Oregon and California road will be affected, as it is covered as part of the Central Pacific railroad system.

DOUBLE CHILD MURDER

AN INHUMAN MOTHER POISONS HER CHILDREN.

Said She Committed the Crime to Get Them Out of Trouble.

PARY, Tex., March 9.—A shocking double child murder was committed three miles southwest of Houston, fifteen miles southwest of home. Last night Mrs. Mollie Caruthers, the wife of William Caruthers, a respectable well-to-do farmer, went up to her room and gave her three children large quantities of morphine. Physicians were summoned but could do nothing for the youngest, one 11 and the other 4 years old, and at 8 o'clock both were dead. The oldest, a girl of 14, is not out of danger. An investigation was begun, and in a few hours Mrs. Caruthers and Jim Strango were arrested. They were brought here and lodged in jail. Mrs. Caruthers admitted that she had committed the crime for the purpose of killing them. She said it was done to get them out of trouble and she intended to follow. It was learned later, however, that the woman had been driven to this desperate act by the children and then leave the country.

SEARCHING FOR THE MISSING.

A Day of Suspense Among Friends of the Victims.

CINCINNATI, March 9.—This has been a day of suspense among the relatives and friends of the victims of the Longfellow wreck. Searching parties have gone down the river, looking for traces of the missing. The officers of the packet company were rewarded for their zealousness by finding the body of the victim, clerk of Longfellow, Captain J. L. Carter, in the wreck that had been caught and tied to the shore near Riverside. A special clerk was planned to the body by a portion of the crew, which had fallen on him. When the river falls, as it will do doubtless by Monday a more extended search can be made on that part of the wreck where it is supposed the bodies of Mr. Aldridge and of the bartender, Charney, may be found.

Canal Contract Let.

STOCKTON, March 9.—J. D. McDougall of this city has taken the contract to complete the irrigation canal for the Stanislaus and San Joaquin Company from Knights Ferry to Barnett Station, on the line of the Stockton and Merced road, a distance of eleven miles. It will also complete the existing tunnel, which lacks 310 feet of being finished. The tunnel is eleven feet wide and twelve feet high. The contract will amount to about \$25,000. Teams are being loaded with supplies today. The irrigation company promises to bring Stanislaus river water to Lathrop in this county by the 1st of June.

Relief for Farmers.

CHICAGO, March 9.—For the relief of Nebraska and Kansas farmers, \$12,000 have already been subscribed on the board of trade. The committee, recognizing the urgency of the situation, have arranged to ship a carload of what next week to each of the counties named below. They are only waiting to hear from the relief committees of those counties, who are to forward the money to the directors. The Burlington and Rock Island roads have agreed to carry the grain free to points along their lines.

Arrested for Shooting Craps.

SAN FRANCISCO, March 9.—Frank Ives, the champion billiardist, was one of five culprits in the police court this morning charged with shooting craps. They were arrested in the Baldwin hotel last night. The arresting policeman failed to satisfy the judge that the men had been gambling, and the charges were dismissed.

Blooded Colt Born.

WOODLAND, March 9.—A full brother to Diggs, the crack 2-year-old of last year, was born on the Diggs farm near here last Thursday. The youngster is marked just like Diggs, and is said to be a better looking colt than Diggs was at that age.

The Markets.

SAN FRANCISCO, March 9.—Wheat steady; December, 90c; May, 91c. Barley—quiet; May, 77c. Corn—\$1.25. Bran—\$14 per ton.

Central Colony Charity Ball.

The charity ball at Austin hall, on Elm avenue, in Central Colony last Friday night was a successful affair in all respects. There was a large crowd present and a neat sum of money for the Fresno Orphanage was raised. Its success was largely due to people of Fresno and Central Colony and the Central Colony football team, who furnished valuable assistance.

VALLEY RAILROAD BILL

Causes a Lively Debate in the Assembly.

WILL BE VOTED ON MONDAY.

The Senate Resolves to Adjourn Since the Next Thursday.

SACRAMENTO, March 9.—The governor has signed the bill appropriating \$4000 for building a new Ohio normal school; amending the civil code relative to the adoption of children; providing that an Italian interpreter for the San Francisco courts need not be a native of Italy; amending the civil code to provide for the consolidation of colleges and seminaries; prohibiting adulterating in butter or cheese; amending the Veterinary Home act so as to provide \$150 a year for each inmate, the total not to exceed \$45,000 in each year; amending the penal code provisions concerning grand larceny.

IN THE SENATE.

SACRAMENTO, March 9.—The county government bill was under discussion during the afternoon and evening. It was amended by McCowan of Humboldt so that counties may by ordinance provide for the organization of districts for the prevention of the overflow of water from streams and levy taxes for their support, and by Gesford of Siskiyou compelling tax collectors to make payments to the treasurer at the end of each month or quarter. The proposed amendment by Denison of Alameda, providing that any person should have no power to refuse a license to any legitimate business except by a majority vote of all electors of the county, provoked a long debate, and was defeated. A resolution was adopted to adjourn since the next Thursday.

IN THE ASSEMBLY.

SACRAMENTO, March 9.—The bill in which the San Joaquin Valley Railroad Company is interested caused a lively debate. Reid of Trinity introduced the bill, and endeavored to kill it. After being amended so as to make any loan of San Francisco water-front property inalienable, the bill went to the printer, to be returned for passage Monday.

SAN FRANCISCO RACES.

"Pittsburg Phil" Makes Another Big Winning.

SAN FRANCISCO, March 9.—Today was another disastrous day for the talent at Bay District, six strong favorites being lowered over, and only in one instance did a favorite secure the place. The principal attraction was the Flying stakes for 2-year-olds at four and a half furlongs, the longest distance for the youngsters this year. Ray El Bandillos did no trouble in winning from the favorite, Don Carrillo, and Forest Hartman, who was compiled in the betting. "Pittsburg Phil," who won \$15,000 yesterday, again asserted himself today and quit a big winner. Six furlongs selling—Tobey 1, Raphael 2, Maricetta 3. Time, 1:15. Seven furlongs selling—Trix 1, Norah 2, Narcissus 3. Time, 1:27. Four and a half furlongs, Flying stakes, 2-year-olds, value \$1000—Ray El Bandillos 1, Don Carrillo 2, Forest Hartman 3. Time, 55 1/2. Seven furlongs selling—Jack Richmond 1, Commissioner 2, Rice 3. Time, 1:27. Mile and a half, staple chase handicap—Eli Kinsley 1, Meador 2, Wood Ford 3. Time, 3:52. Mile and a quarter, handicap—Jack, steeple 1, Firlilla 2, McLaughlin 3. Time, 2:08 1/2.

ROBBERS SURROUNDED

BY THE SHERIFF'S POSSE AT SACRAMENTO.

The Same Men who Robbed a Brewer Last Sunday Night.

SACRAMENTO, March 10.—At this hour, (1:30 a. m.) the sheriff's forces in this city have surrounded a house occupied by two men who are supposed to be members of the gang who held up the overland train between Stockton and Lodi Friday night. The men suspected of taking part in the train robbery are supposed to have been the same men who walked into Schell's brewery at Twentieth and M streets last Sunday night, and at the point of their pistols forced the bartender and a number of others to the back of the building. Last Thursday night's horse was stolen from Bud Cantwell's place near Elk Grove, and a few nights ago a saddle was stolen from L. B. Hess' place, also near Elk Grove. During the past week five horses have been stolen from ranches between this city and Lodi, and the officers think that it was the purpose of the train robbers to have relays that they could use by coming to this city after the hold-up.

No Duty on Cocktails.

WASHINGTON, March 9.—Senator Reeve of the treasury department in an opinion rendered today holds that a cocktail made of American whisky, bitters, absinthe, etc., is a manufactured article within the meaning of section 9 of the tariff act of 1894 and therefore entitled to export without the payment of duty.

Progressive Euchre.

The first of a series of euchre parties given by the West Park Haymakers was held at the residence of Mrs. William Jagger last Tuesday evening. Valuable prizes will be given at the end of the quarter to the winners, special attention being paid to the booty. A delicious supper was served, and the success of this meeting encouraged the members to make the future meetings still better.

Industrial School in View.

The Parlor Lecture Club will give a social hop on the Tuesday after Easter for the Little Women Sewing Class. This is the first of the clubs to take up philanthropic work. Before another year this club hopes to have an industrial school established.

EX-TREASURER SUEED.

Sonoma County Will Attempt to Recover \$7816.79.

SANTA ROSA, March 9.—The supervisors of Sonoma county passed a resolution today instructing District Attorney Smeal to bring suit against ex-County Treasurer Stolen and his bondsmen for \$7816.79, the amount stolen from the county treasury December 28th, at the time the treasurer was knocked down, then locked up and left in his vault. The bondsmen are M. Doyle, A. P. Overton, J. H. Brush, Con Shes and Hollis Hitchcock, all prominent capitalists. Many think the supervisors should give ex-Treasurer Stolen some relief in this matter, as they say the treasury was clearly invulnerable and the treasurer could not prevent the robbery, but the supervisors say they have no right to do so.

Irrigation Suit Decided.

SAN FRANCISCO, March 9.—The State Supreme Court handed down a decision today in the case of the Vernon Irrigation Company vs. The City of Los Angeles. The judgment of the lower court in favor of the defendant was reversed. Plaintiff had asked for an injunction against the defendant taking all the water out of the river, beyond what was required for actual consumption until the growth of the city necessitated the absorption of the whole supply. The company claimed as a riparian owner, and also upon the ground that it had tended to increase the supply of water by heavy expenditures on the construction of ditches and dikes. It was claimed on behalf of the defendant that rights were established under the old pueblo grant.

TROOPS ORDERED OUT

TO PROTECT THE UMATILLA AGENCY.

And the Whites who Live on the Reservation—A Row Narrowly Averted.

PRINCETON, Or., March 9.—Two companies of the Second cavalry from Fort Walla Walla arrived here at 8 o'clock on a special train, and will be taken without delay to Mission station on the Umatilla Indian reservation, from which point they will proceed to the agency near the station. Indian Agent Harper had been notified from Washington that troops were held in readiness at Fort Walla Walla, and kept his counsel, saying nothing until the time for the arrival of the troops, when he gave out the information that he had requested the aid of troops. He states the troops may be necessary to protect the agency and whites who live on the reservation. Affairs have been in a disturbed condition on the reservation for some weeks on account of the disagreements between the officials and the Indians. The Indian agent, in the case of Indian offenses, has exercised powers which the Indians claim were too arbitrary. The matter was brought to an issue in a civil case in the justice court here, when Judge Scott brought suit against Brigham and others for recovery damages for an alleged assault committed by the Indian policemen. The case was decided in favor of the plaintiff, but was appealed by United States District Attorney Murphy to the state circuit court. Later chiefs No Shirt, Young Chief and twenty other head men were arrested for dancing, contrary to the agent's orders. This caused a riot in the evening and the guards were narrowly averted. The chiefs were released, but were again arrested on the same charge, and also for resisting United States officers. They were sent to jail, but employed counsel to sue out writs of habeas corpus in the circuit court for their release. This afternoon Judge Poe of the state circuit court rendered a decision in the habeas corpus case. He holds that the Indians are citizens under the laws of the United States government, and are entitled to all rights, privileges and immunities of other citizens excepting as to the alienation of their allotted lands on the reservations, title to which was transferred to the United States by the act of 1891. The release of No Shirt and Young Chief was also ordered.

Coupled for the Indian court will appeal.

The Indians' counsel were seen and said they had told the justice court must not resort to violence in any event, but abide by the supreme court decision. The only fear expressed is that the Indians may get drunk and get into trouble with the Indian police.

National Party Meeting.

PITTSBURG, March 9.—The new national party conference, which convenes next week, will have under discussion fourteen propositions, as arranged by the committee of 100. The abolition of the liquor traffic, the free voling of silver, the free trade question will likely receive the most attention. Secretary Swager says the letters received indicate these three questions, along with the party name, will receive the most attention.

Duffy's Denial.

SAN FRANCISCO, March 9.—Thomas James Duffy, the fireman who is accused of committing two wives in four days, has returned to town with his latest bride. He denies that he is a bigamist and says he never married Miss Brown who claims to be wife No. 1. Duffy brazenly insists that Miss Brown is not all that she should be and says that though he lived at her house he never married her.

A GALLANT SAILOR GIRL

Serves Seven Weeks on the Monterey—Fired for Fear She Would Be Discovered.

SHATTLE, Wash., March 9.—Puget sound can boast not only of many gallant sailor boys, but of one sailor girl. She is not content with sailing on a mere merchant ship, but served seven weeks on the United States coast defense vessel Monterey. She also claims she has been on other ships, but it is not believed this is true. She claims to have served on the Monterey in the guise of a boy as a plumber's apprentice, and her story is borne out by the stories of several sailors.

The girl who has this unique character bore several names and has had many vicissitudes, though still young. She was born at St. Cloud, Minn., about fifteen years ago, and was named Ida May Townsend. Her father died when she was but 3 years old and she was adopted by a couple named Hunt. Six years ago the Hunt family moved to Whittier, and last May the girl married a brick mason named Love. But she had always had a passion for the sea and left her husband and, donning the clothes of an apprentice, went on board of the Monterey, only three officers and three or four seamen knowing her secret.

The girl is now living at Leavenworth, Wash., where a reporter located her a few days ago. She said that last August she left Whittier and went to Port Angeles. She said: "I presented myself to the officer of the deck and told him that I would like to ship. He asked me what kind of a boy I would make. I told him I was a sailor; not one of the kind that grow in the pasture and is walked on by the cows, but a regular marquis, like the kind that come from the hothouse. That set him and taking me below, he told me to wait on watch to call Captain. Captain told me to try it on and showed me a little room where I could change. You ought to have seen him when I came out. He said: 'Why, you do make a fine boy; go to the surgeon and be examined.' I received an examination and was soon given my rating. I was rated as an apprentice and put on the starboard watch."

"No; only three officers know I was a girl. All the rest thought I was a pretty husky kid."

"We left Port Angeles for Portland. I wasn't on long enough to get liberty at Portland. We stayed in Salinas, so, and from there we went to San Francisco."

She also claims she was on the Mohican and the Independence, but her story is only verified in so far as her trip on the Monterey is concerned. Billy Fiske, a sailor on the Mohican, said that three weeks ago, when the Mohican and the Monterey were both at Port Angeles, Billy heard the plumber on the latter vessel told him about the girl. Fiske related the story practically as told by the girl, and said he put her ashore because he was afraid she would be discovered.

COMEDY-DRAWA

Presented by the Shaw Comedy Company at the Barton.

Another large house greeted Samuel T. Shaw and his entertaining company last night. "Caprice" is something of a lighter vein than has been produced previously during the week. The play is not of a character which shows Shaw at his best, although he carried the part of "Caprice" wonderfully. It is an admirable "S. M. Gillis" at "Jethro Buxter," the "back country" farmer, ignorant and unsophisticated, acted the part realistically and won frequent applause, as did also Mr. Plummer in the part of "Professor Thaddeus Folger." Miss Jessie Shirley as "Merry Baxter" made a most favorable impression.

The Shaw company during the week has played to crowded houses each night. When Sam T. Shaw and his company came back to Fresno they can feel assured of doing big business, having already established themselves firmly in the estimation of the play-going public. It is only by special request that Mr. Shaw was induced to stay over and once more produce "Junk O' Diamonds" the melodrama that packed the house Thursday night.

Tonight "Junk O' Diamonds" will be played for the last time.

TEACHERS' ASSOCIATION.

Regular Monthly Meeting Held Yesterday Afternoon.

The regular monthly meeting of the Fresno county teachers' association was held yesterday afternoon at the High school building. President E. W. Lindon, say occupied the chair. The subject for discussion was "Morale." C. S. Taylor of the Washington Colony high school, who conducted the discussion, had appointed speakers and assigned topics.

The discussion grew so interesting, and so many persons desired to take part, that only a portion of the program was carried out. It will be continued at the next meeting which will be held April 6.

The Baptist Meeting.

One of the largest baptisms ever known in the First Baptist church was administered yesterday. Seventy new members have been added since Gallahorn and Ladd began their meetings. These gentlemen will hold their last service Sunday night. The crowds still attend in undiminished numbers.

Made Seven Arrests.

Deputy Constable Crutcher left last night for Mojave. Before leaving Fresno he made a unanimous record by arresting seven persons in as many hours, and all of them for fighting. He arrested two in Chinatown and five on this side.

## SHOT IN THE BACK.

QUARREL OVER A ONE DOLLAR DEBT.

Charles Brown Wields the Pistol. Two Bullets Take Effect. Probably Fatally Hurt.

The long reign of law and order which Fresno had enjoyed was broken last night just before 10 o'clock, when Charles Brown, proprietor of the bootblack stand on Mariposa street in the Denick building, fired five times at Harry Thumson, one of the bullets taking effect, and the others breaking glass and knocking splinters about the front of the building. The shooting began in or near the bootblack stand. Both men are colored. Thumson then moved the corner and down the alley into the back room of Louis Scholler's saloon and out at the front door, pursued by Brown, who fired rapidly. As Brown was turning into the alley again close upon the heels of Thumson, who was already twice shot, Deputy Constable Crutcher appeared on the scene and called on Brown to surrender. Instead of complying Brown thrust the pistol in the officer's face, and when commanded to drop the weapon he said he would not, and added that he would kill Thumson before morning. But Officer Crutcher placed him under arrest, and when the crowd pressed up on all sides Brown got rid of the pistol by some means, and it could not be found for some time; but Deputy Constable Crutcher finally ascertained that one of Brown's employees in the bootblack stand had it, and made him give it up. It was a .32 and all six chambers were empty.

Brown wanted to beat him, but he was taken to jail against his protest. As nearly as could be learned, the trouble between Brown and Thumson dates back several months, and grew out of a debt of \$1 which Brown claimed Thumson owed him. They had frequently quarreled, and whenever Brown was drinking and ran across Thumson, there was trouble. Brown was drunk last night and the usual quarrel began. Thumson then drew a pistol and fired below the eye, hitting him severely. With that the pistol came out with the result as given above.

Although badly hurt, Thumson did not fall, but walked to the back door of the saloon, where he was met by Deputy Sheriff Bedford. Dr. Davidson and Dr. Bardick examined his wounds. One bullet entered between the 11th and 12th ribs, one and one-half inches to the left of the spine. The other bullet hit the lower part of the back. Neither shot would be found, and Thumson was sent to his room in the Allen block, and a telegram was sent to his brother. The doctors pronounced the wounds serious, but not fatal. It depends upon the course the bullets took after entering the body.

Thumson seemed somewhat delirious when seen by a Republican reporter, and could not give a very clear account of how the affair was brought about. The reporter next called on Brown in the jail. Although he was under the influence of liquor he was under enough to say nothing that could hurt him or to acquit him. The dialogue between him and the press representative was about as follows:

"What was the cause of this trouble, Mr. Brown?"  
 "What trouble?"  
 "Between you and Thumson."  
 "There was no trouble that I know of."  
 "What was the shooting about?"  
 "I don't know anything about it."  
 "Were you not there?"  
 "Where?"  
 "Where the man was shot."  
 "I don't know anything about it."  
 "Well, the other side will be published, and perhaps you would like to give your side?"  
 "I have no side."  
 "Don't you want a fair trial?"  
 "I am willing to let the other side come out, and nothing on your side?"  
 "Let it go that way."  
 "Do you have nothing to say then?"  
 "No."

By this time Thumson had been taken to the hospital, and among other things took from him a diamond ring, which Brown said cost \$148. He objected to giving it up, but at that time some one told him that the hospital would steal the ring if he did not leave it with the jailer, and he left it. Brown growled about being locked up, and said he wanted to go home, and could give him an air of indifference, and pretended to think his situation was not serious. He is said to be worth several thousand dollars.

## A JOLLY PARTY.

Miss Imogene Kirk Entertains Her Little Friends.

Imogene Kirk, the little daughter of Mr. and Mrs. T. J. Kirk, gave a delightful party last night to a number of her young friends. The little hostess, assisted by her parents and sister, Miss Dora, left nothing undone for the enjoyment of their guests. Games, music and dancing were indulged in. Later in the evening refreshments were served.

Those present were: Susie Wickham, Clara (daughter), Mabel Sherwood, Helen Best, Lulu Doyle, Mabel Black, Bertha Greenup, Lila Parnish, Nettie Smith, Vivian Haines, Mabel Jackson, Vivian White, Mabel Harrington, Miss Julia Necker and Miss Maud Jones; Fred McKenzie, Frank Warner, Frank Minard, Willie McKenzie, Joe Alexander, Harry Walser, Lawson Hume, James Smith, Harry Hohl, Wharton, Claude Thompson, Bryant Necker, Lucien Wharton, Sam Hall, Chester Padler, Ed Edwards, Arnold Jensen, Earl Gardner, Louis Harrington, John Jensen and Emory Donohoe.

## A Stage to the Cemetery.

The suggestion has been made from a number of sources that it would be a great boon to large numbers of citizens who have relatives interred in Mountain View cemetery, if a bus or stage could be run there on Saturday or Sunday afternoons, with a round trip fare of something between 25 and 30 cents. These have times it is not every one who can afford to own or hire a team, and it is believed that such a speculation as an afternoon cemetery stage line on Saturdays and Sundays would pay. There are many who have relatives in the cemetery, and it would be a stimulus to the cemetery superintendent to keep the lots in good condition.

## Picnic For May Day.

The citizens of Kingsburg have taken steps toward holding a picnic on Kings river on May day. The ground has already been selected, and a number of attractions features have been decided upon. This has long been a favorite resort of people affected with the picnic habit, and this will probably be one of the largest ever held. Several of the citizens have been in town during the week making arrangements with different societies to take part in the program. A competitive shoot between the militia companies of neighboring towns is being talked of.

## Roll of Honor.

The Fresno colony school, under the management of W. W. Paine, Miss Hattie Adams and Miss Mabel Minard, has made a creditable showing for the month of February, as eighty-nine pupils were on the roll of honor. Perhaps there are not many schools in the county whose rolls of honor contain such a large percentage of those in attendance. As pupils can secure a place on the roll of honor only by standing high in their classes, it is certainly a great incentive to diligent work.

## Undertaker Hall's Chickens.

Undertaker Hall's hen-roost was depleted of its lodgers the other night. He has bought some more, however, which he says anyone is welcome to steal if willing to take all chances. Mr. Hall says that he doesn't care for the chickens, but it's a corner's case he wants.

## WEST PARK HAPPENINGS.

A Swarm of Bees Take Possession of a House.

Rev. J. W. Webb went to Sanger Saturday, where he will deliver a lecture in the interests of the Good Templars in the evening. He will preach there next day.

John Daniels has gone to his ranch on the West Side. He was appointed road master in his district, and will reside there permanently for the future.

Mrs. W. H. Webb and Mrs. Archibald are visiting the family of R. E. Winters for a few days.

One of the neighbors has been engaged in the delightful task of taking a couple of swarms of bees out of his house. They got in between the outer walls and the plaster. He had to tear the whole side of the house out to get them. After a great deal of trouble he succeeded in getting about 200 pounds of bees.

The boys here are organizing an athletic club. They will endeavor to secure the hall for the purpose of fitting up a gymnasium.

The Haymakers will give a ball next Friday evening in their hall.

## Court Notes.

## New Suits.

In the county clerk's office yesterday Monroe D. Eaton filed a foreclosure suit against Olive A. Hanson and others to collect \$2500 secured by mortgage on the west half of southeast quarter, range 13, township 13, range 22. The plaintiff is represented by Kilo & Plummer, attorneys from Stockton.

## AMUSEMENTS.

Shaw & Craig's comedians have committed to remain over tonight and produce Jack O'Diamonds. The reason for producing this play in preference to any other in the repertoire is that money requests have been made by the manager of the theatre and the daily papers of Fresno have endorsed it as the best play produced during the week. The prices will remain the same—10, 20 and 30c. The box office will be open at 9 a.m.

No better selection than the play of "Henry IV" could have been made for the farewell appearance as joint stars in our city, and no better company for its adequate production could be secured. The combination, headed by those distinguished tragedians, Frederick Ward and Louis James, at the Barton opera house tomorrow night. This play has always been considered by the most exclusive theatre-goers as equal in excellence to the more familiar dramas of the master poet, and possessing an heroic spirit and a dignity of sentiment that elevates it in a very high degree. If to these we add its intricate delineation of character, its dramatic incident and exquisite comic humor, where shall we find a drama in which these peculiar excellences are so admirably combined? The play will be mounted with that attention to detail, including special scenery, costumes, accessories and music, for which this company is noted. Mr. Ward will play Hotspur, Mr. James, Falstaff, Mr. Laidlaw, Hotspur and Mr. Turner, King Henry.

Raisin Growers' Meeting.  
All raisin growers favorable to co-operation are invited to attend the annual meeting called for Saturday, March 16th, at 1 o'clock, at Kutzer hall.

## William Condon Caught.

Word was yesterday received in Fresno that William Condon has been arrested in Kings County by Sheriff Burkholder of San Benito county. Deputy Constable Dunne went to Hanford last evening and will bring Condon back on this morning's train. Condon, in conjunction with Frank and Thomas McAdams, is charged with burglarizing the house of Robert Smalley, who lives on the West Side. The McAdams brothers were held by Justice St. John in the superior court. Condon was the alleged slay when they arrested the two McAdams. As it was thought that Condon, who is an ex-convict, was the leader of the burglars, strong efforts were made to locate and arrest him.
